Cullen would like an explanation of the accounting for his business actions as of April 1, 2016. Explain the terms and interactions between the categories on a Balance Sheet.

Answers will vary. Items that should be included are:

The Balance Sheet is a format report of a business's financial

condition --on a certain date

--reports assets, liabilities, and owner's equity of a business

--reports property owned by a business, obligations (debts) of a

business --reports the financial interest (proprietorship, net worth) of the

owner --total assets equals the total liabilities plus total owner's equity
