116) Explain how accounts are used in recording information about transactions.

Answer: Accounts are classified into five major classifications: assets, liabilities, equity, revenues and expenses. Accounts are used to record detailed information about increases or decreases of specific items in these categories. The accounts serve as the information resource for financial statements and reports.

117) Explain the difference between a ledger and a chart of accounts.

Answer: A ledger is a record containing all of the accounts of a business. The chart of accounts is a list of all of the accounts in the ledger. The chart of accounts usually includes a numbering system for the accounts.

118) Explain debits and credits and their role in the accounting system.

Answer: Debit refers to the left side of an account and credit refers to the right side of an account. Debits and credits form the basis of the double-entry accounting system. This system is based on the concept that all transactions and events affect at least two accounts. The double-entry system is organized around the accounting equation which states that assets = liabilities + equity. The left side is the normal balance for assets and the right side is the normal balance for liabilities and equity. Revenues have a right-side normal balance and expenses have a left-side normal balance.

133) On June 20, 2015, Lucie Majeau invested the following assets in a new sole proprietorship: cash, \$12,000; office equipment, \$6,000; land, \$100,000; building, \$115,000. Majeau owes the bank a \$25,000 note payable that is secured by the land and building. Prepare the general journal entry to record Majeau's investments in the new business.

Answer:

| Jun 20 | Cash | 12,000 | |
|--------|---------------------------------------|---------|---------|
| | Office Equipment | 6,000 | |
| | Land | 100,000 | |
| | Building | 115,000 | |
| | Lucie Majeau, Capital | | 208,000 |
| | Note Payable | | 25,000 |
| | To record initial investment by owner | | |

134) Explain the recording and posting processes.

Answer: Information from business transactions is recorded in the journal in the form of journal entries. The journal entries include the date, the account titles, debit and credit amounts, and a description of the transaction. During the posting process the debit and credit amounts recorded in the journal are transferred to the individual accounts in the general ledger.

135) Discuss the use of the trial balance.

Answer: The trial balance is a list of all of the accounts in the general ledger with their balances at a specific date. The list is organized in general ledger order, by debit and credit balances. The purpose of the trial balance is to summarize the account totals and to verify the accuracy of the total debits and credits. If the total debits and credits are not equal, then the trial balance is out of balance, which indicates an error in the accounting records.

- 136) For each of the following errors, indicate on the schedule the amount it will cause the trial balance to be out of balance and which trial balance column (i.e., debit or credit) will have the larger total as a result of the error.
 - (a) A \$100 debit to Cash was debited to the Cash account twice.
 - (b) A \$1,900 credit to Sales was posted as a \$190 credit.
 - (c) A \$5,000 debit to Office Equipment was debited to Office Supplies.
 - (d) A \$625 debit to Prepaid Insurance was posted as a \$62.50 debit.
 - (e) A \$520 debit to Supplies (purchased on account) was posted correctly, but the corresponding cred to Accounts Payable was not posted.

| | Amount Out | Column Having |
|-------|------------|---------------|
| Error | of Balance | Larger Total |
| (a) | | |
| (b) | | |
| (c) | | |
| (d) | | |

Answer:

| | Amount Out | Column Having |
|-------|------------|---------------|
| Error | of Balance | Larger Total |
| (a) | \$100 | Debit |
| (b) | \$1,710 | Debit |
| (c) | - | - |
| (d) | \$562.50 | Credit |
| (e) | \$520 | Debit |

- 137) After preparing an unadjusted trial balance at year-end, the accountant for Chu Design Company discovered the following errors:
 - (1) The payment of the \$225 telephone bill for December was recorded twice.
 - (2) The payment of a \$1,000 note payable was recorded as a debit to Cash and a debit to Notes Payable.
 - (3) A \$900 withdrawal by the owner was recorded to the correct accounts as \$90.
 - (4) An additional investment of \$5,000 by the owner was recorded as a debit to G. Chu, Capital and credit to Cash.
 - (5) A credit purchase of office equipment for \$1,800 was recorded as a debit to the Office Equipmen account with no offsetting credit entry.

Using the form below, indicate if each error would cause the trial balance to be out of balance.

139) Charlene Addemup prepared the following trial balance from the general ledger of Big Blue Cleaning Service. It did not balance.

Big Blue Cleaning Service Trial Balance October 31, 2015

| Cash | \$ 975 | |
|--------------------------|------------------|----------|
| Accounts receivable | 3,800 | |
| Cleaning equipment | 13,500 | |
| Office equipment | 6,600 | |
| Accounts payable | | \$4,510 |
| Fred Tullis, capital | | 23,000 |
| Fred Tullis, withdrawals | 4,200 | |
| Cleaning fees earned | | 10,875 |
| Cleaning expense | 8,600 | |
| Totals | \$ <u>37,675</u> | \$38,385 |

Because the trial balance did not balance, Charlene decided to examine the accounting records very closely. She found that the following errors had been made:

- (1) A purchase of cleaning equipment on account for \$245 was posted as a debit to Cleaning Equipment and as a debit to Accounts Payable.
- (2) An investment of \$500 by the owner was debited to Fred Tullis, Capital and credited to Cash.
- (3) In calculating the balance of the Accounts Receivable account, a debit of \$600 was omitted from the calculation.
- (4) One debit of \$300 to the Fred Tullis, Withdrawals account was posted as a credit.
- (5) Office equipment purchased for \$800 was posted to the Cleaning Equipment account.
- (6) One entire entry was not posted to the general ledger. The transaction involved the receipt of \$125 for cleaning services performed for cash.

Prepare a corrected trial balance for the Big Blue Cleaning Service at October 31, 2015.
