102) The Canadian Marketing Association provides guidelines for its members through its Code of Ethics and Standards of Practice.

Answer: True False

103) A company introduces a contest that requires a mix of chance and skill. This contest will be illegal in Canada.

Answer: True False

ESSAY. Write your answer in the space provided or on a separate sheet of paper.

104) Explain the purpose of conducting a SWOT analysis.

Answer: SWOT analysis is performed to assess how well a company is servicing its business and target consumers by assessing an organization's internal strengths and weaknesses, as well as its external opportunities and threats.

105) Pick a company of your choice and conduct a SWOT analysis.

Answer: The students have to select a company of their choice and perform SWOT analysis to identify the strengths, weaknesses, opportunities, and threats. Student answers will vary for this question.

106) Briefly explain the main generational groups of consumers that marketers consider.

Answer: Baby boomers are the main reason for the greying of North America. During the baby boom (b 1946 and 1964), families had an average of 4 children versus the current average of 1.54. Generation X is the group of people born after the baby boomers, between 1965 and 1974. Generation Y is the group of people born between 1975 and 1991. These are mostly children of boomers, and are also referred to as the echo boom or millennials. Generation Z is the group of people born between 1992 and 2010. They have grown up with th and as pioneers of social media are considered the most disruptive of the generations.

107) Explain big city dwelling in Canada.

Answer: Canada is one of the most urbanized nations in the world. Most Canadians live in urban areas or their suburbs. Statistics indicate that cities are growing much more quickly than rural areas, which lag behind the rest of the country in growth rates.

108) Explain the types of non-traditional families that a marketer is faced with in modern times.

Answer: Family size has decreased, with families having one or two children versus three or four (or more) in previous generations. The structure of the family has also changed, with evidence of more common-law relationships, single-parent families, and blended families. Over the last few years, same-sex marriages have also surfaced.

109) What are socio-cultural forces?

Answer: Socio-cultural forces refer to cultural values, ideas, and attitudes that are learned and shared among a group of people. This also includes society's morals and beliefs and is demonstrated through behaviour common among the socio-cultural group.

110) Consider an industry of your choice. Explain how macroeconomic forces affect that industry.

Answer: Macroeconomic forces refer to the state of a country's economy as a whole. A country's key economic indicators are its inflation rate, its unemployment rate, and its economic growth rate. Students should consider the impact of these factors in the industry that they have selected. Student answers will vary for this question.

111) Explain the concepts of recession and inflation.

Answer: One key economic indicator is inflation, a period when the cost to produce and buy products and services gets higher as prices rise. A recession is a time of slow economic activity with two consecutive periods of negative growth. During recessions, production levels decline, unemployment levels rise, and many consumers have less money to spend.

112) Compare and contrast microeconomic forces with macroeconomic forces.

Answer: Macroeconomic forces refer to the state of a country's economy as a whole. It affects many firms. Microeconomic forces directly refer to the supply of and demand for goods and services and how supply and demand are affected by individual, household, and company decisions to purchase. Microeconomic forces could be specific to single company. It refers to aspects such as consumer buying power.

113) Compare and contrast direct competitors and indirect competitors.

Answer: Any changes made by a major competitor in the areas of product, price, place, and promotion a routinely noted and detailed analyses are conducted to determine the impact on business results head-to-head competitors are called direct competitors and refer to very similar products sold i same category.

Indirect competitors are those products that compete for the same buying

dollar but in a slightl different category.

114) Describe the areas under which the Advertising Standards Canada (ASC) encourages truth in advertising

Answer: Advertising Standards Canada (ASC) encourages truth in advertising through a Code that provi guidelines under these areas:

- (1) Accuracy and clarity
- (2) Disguised advertising techniques
- (3) Price claims
- (4) Bait and switch
- (5) Guarantees
- (6) Comparative advertising
- (7) Testimonials
- (8) Professional or scientific claims
- (9) Imitation
- (10) Safety
- (11) Superstition and fears
- (12) Advertising to children
- (13) Advertising to minors
- (14) Unacceptable depictions and portrayal
